

PROSPERA INTERNATIONAL THEMATIC WORKSHOP

28TH - 30TH MARCH 2022

Reggio Emilia, Italy

The international thematic workshop of “PROSPERA” project is intended as a mid-term review process to relaunch the drafting process of the Local Action Plan and as a further opportunity for partners to exchange and deepen knowledge about the three PROSPERA leverages: “wise” governance; eco-lo(gi)cal value chains; and sustainable private-public cooperation.

The event will see the participation of speakers outside the partnership, who will participate to share their views on how to harmonize the promotion, the preservation and the sustainable exploitation of the natural heritage in the peri-urban areas.

For practical information about your stay in Reggio Emilia, please refer to the PROSPERA_Reggio Emilia_INFOPACK.
